From the Bethel Town Office

The Board of Selectmen met in regular session Monday evening, June 11, at the East Bethel Grange Hall and acted on a long and varied agenda.

A public hearing was held to consider victualer's license applications from Moore's Restaurant and the Sudbury Inn. After review of operations with Police Chief Robert Stearns, the license for Moore's Restaurant was approved.

The Board discussed with owner Doug Scott and Police Chief Stearns the operation of the Sudbury Inn and in particular two citations pending court action. One involves alleged violation of Alcoholic Rules and Regulations and the other alleged health and sanitation violations. After consideration, the licensing board voted to reconsider the Sudbury's victualer license application after the outcome of pending administrative court action. The board also directed that a letter be sent to the State requesting that the court action be expedited because the victualer's license is up for renewal.

The following Central Maine Power Company pole permit applications were approved: one pole on Northwest Bethel Road, two poles on Mountain View Circle, and three poles on the McCrillis Brook Road. An application from the American Legion to sell sealed tickets from July 5-Sept. 27 was approved.

Correspondence from the Public Utilities Commission requesting comments on the proposed Western District rate increase was discussed. A number of concerns were discussed, however, the Board voted not to send any comments to the PUC.

The Board voted to reject all bids previously received on truck bodies and to ask for additional bids based on revised specifications.

The Manager was directed to set up a public hearing regarding the setting of a 25 MPH speed limit on the Old Grover Hill Road. This hearing will be scheduled for the Board's June 25 meeting.

The Board voted to accept with regret Archie Young's resignation as a member of the Municipal Facilities Committee and directed the Manager to contact suggested individuals about serving on the committee.

The following State Aid Road reconstruction work was approved for this summer:

At their meeting on June 11, the Bethel Planning Board elected Dana Douglass as chairman, and appointed staff assistant George Allen as secretary. The board, first to be appointed under the Planning Board Ordinance adopted at the March town meeting, consists of seven members. Three, Dana Douglass, Robert Chadbourne, and Cathy Newell, have served before, and four are new, Jane Young, Richard Hosterman, Donald Eddy and Alden Kennett.

Besides electing officers, the Planning group also laid out procedural guidelines for their operation. They intend to meet twice a month; the first meeting each month will usually be devoted to current business, including the consideration of sub-divisions, and the second meeting in the month will be primarily a work-session in which the board will discuss of long-range interest to the town.

Primary among these will be recommendations laid out in Bethel's recently adopted Comprehensive Plan, including revision of the town's subdivision regulations, consideration of protective ordinances, and provisions of adequate town services.

Other matters discussed at last Monday's meeting included a proposed division of land in the Bird Hill area, plans for the board to tour the facilities of the Bethel Water District, and projects on

Local Chamber Presents Awards at Annual Event

Robert Davis, Bethel highway department foreman and fire chief, received the Henry H. Hastings Citizenship Award for outstanding community leadership at the annual awards banquet in Bethel, sponsored by the Greater Bethel Chamber of Commerce at the Bethel Inn. In making the presentation Town Manager Norman Ness noted that Davis had been a member of the department which he now heads longer than Bethel has had town managers—and that Davis had tactfully and effectively

trained each new town manager. Edith Whitfield Seashore, president of the NTL Institute, received the first Businessperson of the Year Award. Her father, Judge Nathan Whitefield, came to Bethel from St. Moritz, Switzerland, by way of Washington, D. C., to accept the award for Mrs. Seashore from State Representative Karen Brown. This new award was added to the annual ceremony to recognize and stimulate local business initiative and excellence.

Emily Saunders received the Senior Citizen Award for her long time involvement in community affairs which have touched on virtually each aspect of community life including the founding of Bethel's senior citizen organization, Bethel's Town Clerk, Merton Brown, presented the award noting her concern for what could be called the "family of Bethel" and the evidence of this concern by her serving as the area's representative in the legislature.

Jody Haines and Tim Tracy were each awarded \$50 bonds as the outstanding Telstar student body representatives for the year. Kathleen Guinness, Telstar Guidance Director, presented the student awards after explaining the contribution of each to the student and adult community.

Brooks Bros., Inc., Bethel's Main Street hardware store won the 1979 Spring Beautification Award by an extensive renovation of the store's front. The actual award will be presented to the owners at the store it was announced by Chamber President Donald Bennett.

After the awards were presented, the banquet was entertained by two groups. Cathy Littlefield and Diane Cross started the program with folk songs and ended with a comic version of "Green Stamps" for the traditional verse. Following the music, Scott Wight and Jeff Mills presented illusions a series of magic tricks which drew just as much attention from the audience this year as last year's performance.

Jody Haines receives congratulations for winning the year's Outstanding Student Award from Telstar Guidance Director Kathleen Guinness (center) while co-winner Tim Tracy looks on.

which staff assistant George Allen will work in the coming months. The next meeting of the board will be on Wednesday, June 27, at 7 p. m. in the meeting room of the Bethel Savings Bank. The major item on the agenda will be revision of the town's subdivision regulations.

PLANNING BOARD ELECTS CHAIRMAN — AGENDA FOR COMING MONTHS DISCUSSED

Days a Week

SAT., 9 TO 6

Northwest Bethel

Clarice Gibson, Corres.

What a hot, humid week end. Today it has been an overcast day and the weather report is for showers. It is hard to believe but for all bad weather we could still use a nice rain shower in our garden. I can't remember when we have had so many birds flying around. They are just the common ones like robins, crows and grackles; but when I went out today, I saw some standing by the strawberry plants looking over the situation.

Friday was our son Wilfred's birthday. That year the 8th was the last day of school as Frankie had gone to visit school with one of the neighbors. The last day of school, the oldest pupils could bring a child beginning school the next September.

Mr. and Mrs. Bruce Smith and family were up to visit his folks. Mr. and Mrs. Homer Smith Friday.

Twenty-five students, led by Mrs. Sally Hannon, were involved in a bike-a-thon for student activities and Memorial fund Saturday morning. The ride was from Bethel to Rumford McDonald's where they went in for lunch. The students participating and completing the ride will receive badges. Richard Saunders was the only student from our road and went from there to Augusta to watch his brother, Robert, play in the last game for Class C Maine championship. The boys won 8-0 giving Telstar the Class C title.

Mrs. Pat Saunders and two boys went to see their friend, Sandy Smith, at Lake Winnepesaukee, N. H., for a week end of swimming and fishing.

Some of those attending the Shriner's Parade in Bethel Saturday were Mr. and Mrs. Joe Shimamura, Jody and Thelma Merrill, Mr. and Mrs. Dick Angevine, Timmy, Sheri and Rick, the Charles Mason family and Mr. and Mrs. Lester Butters.

Kristy Angevine, daughter of Mr. and Mrs. Dick Angevine, visited Susan Cole in Greenwood for the week end.

Mr. and Mrs. John Laban and family went with Mr. and Mrs. Bob Chadbourne and family to Bailey Island where they went for a ride in the Chadbourne boat.

The Bit and Spur Riding Club had a clinic at Mr. and Mrs. Pat Murphy's this week end. Kathie Carver showed them different riding techniques. Mrs. Carver brought her daughter, Rachel. Also attending, Melinda and Carole Mason, Jody Shimamura, Patty Hudson and Virginia Kelly.

Mr. and Mrs. Ernest Angevine returned home Friday from a Canadian fishing trip.

Mrs. Sylvia Benson and Mrs. Joan Coolidge were among the Senior Citizens who went on the bus trip to Shelburne, Vt., museum, Monday to Wednesday of last week. They went through a maple syrup factory and a cheese factory at the old village. Each person could pick out which parts they wanted to visit. They went through a room just filled with quilts, each one a different pattern. They went to see old dolls, and also the dresses.

Mr. and Mrs. Davis Kimball and family had Sunday dinner with her parents, the Frank Bensons. In the afternoon, Sylvia Benson, Sharon Kimball, Anita and Chantel, Sylvia Gardner of Sabattus, and Carol Benson, all met at Mrs. Rose Bachelard's in Hanover, with other guests for a bridal shower for Fern Bachelard.

Mr. and Mrs. Lester Butters went to Mrs. Marion Rodger's and her nephew and family, the Richard Christies, in Lovell, recently.

Jennifer Lynn Mason had a birthday party, June 9, at her parents' home, the Charles Masons.

Sunday River

Mrs. R. M. Fleet, Corres.

Sent in by Mrs. Eva Yates:

Monday, June 4—A nice day and the Yates started "Out". Russell went to town and Peggy Blake went to see Clayton at the hospital and make Dr. Shurwin a visit. Believe it or not yours truly stayed home. Tuesday Russell (Joe) and yours truly left at about 12:30, went to Norway hospital where Russell had his usual blood check. Then they went looking at some pieces of furniture but can't buy any of that until my social security is boosted—until then it's a case of use the old ones or sit on the floor as far as chairs go. Then we went to Oxford and visited a granddaughter and her better half for an hour and a half or so, then we went to Otisfield and took in Pomona Grange.

Wednesday we were home all day. Can you believe it? At night while Joe stayed with Clayton. Peggy and I went to Mexico High School to the capping of the 19 class Nova students service. It was very nice and everyone was proud of their daughters as we all were. They looked so nice and pretty in their new caps.

Mr. and Mrs. Stanley Morgan called on the Yates Wednesday morning to tell us he and his wife were flying to Colorado to visit Tom Yates on June 11.

Thursday Russell and yours truly were up and went to Rumford in the morning. After lunch we went to Nettie Swan's funeral. We shall all miss our neighbor and feel so sorry for her family. The only consolation is that she is free of her suffering which she did a lot, but never a complaint from Nettie. God bless her. Darnita Yates, of

Today, Monday, June 11, we have started going again. In company with two cousins, Elvira and Martha Birney of South Paris, we went up and spent the day with another cousin and his wife, Mr. and Mrs. Arthur Edwards in Union, N. H. Lord only knows where else we will be before the week is out. We are not home long enough for callers although some called Sunday while we were gone.

Mrs. Arline Bernier, Corres.

A loud boom, about 3 a. m. — one day last week brought some people out of bed like the little toys with a spring and suction cup. Some saw a plane, but those who neither

Barre, Vt., and the Raleigh lady called. She always comes with a smile.

Sunday, June 10, we started for Auburn with Laura Hutchins in a borrowed truck with the gas gauge saying empty. So we put in 20 gallons of gas and it still said empty. Oh well, the gauge doesn't work. We got to South Paris and the truck said "I am out of gas."

How could it be? So Laura hiked 1 1/2 miles or more to a phone and called the owner. He got in touch with his right hand man and sent him to the rescue. The trouble? That truck had two gas tanks and we put the gas in the one that was not hooked up to the motor and that miserable unaccommodating Ford would not run on that gas that was in the wrong tank. No we never got where we started for.

Saturday we got ready for election of officers at Bear River Grange. It was the same officers, we just shuffled them around a bit. It's a case of each one fill a chair, like it or not.

Today, Monday, June 11, we have started going again. In company with two cousins, Elvira and Martha Birney of South Paris, we went up and spent the day with another cousin and his wife, Mr. and Mrs. Arthur Edwards in Union, N. H. Lord only knows where else we will be before the week is out. We are not home long enough for callers although some called Sunday while we were gone.

B. Reconstruction of the intersection of Lovers Lane, Grover Hill Road, Route 5, and Mill Hill Road. This work will include the relocation of about 800 feet of Lovers Lane and improvements to a total of 500 feet of the other three roads coming into the intersection. The estimated cost is \$30,000+ using \$11,382 in local funds and about \$20,500 in matching state funds.

The Board also voted to spend approximately \$2,500 to make temporary repairs to the Chapman Brook Bridge pending reconstruction of the bridge by the State within the next two years. The Board considered several alternatives for bridge repair and chose the least costly as it is anticipated that the bridge will be totally replaced by the state.

The Board reviewed the operation of the sewer treatment plant and gave tentative approval to staffing by two full-time operators pending the provision of additional cost information by the Manager.

The May financial statement was reviewed and the Board discussed a number of road problems.

The next meeting of the Selectmen will be Monday, June 25, at 7 p. m. in the Bethel Savings Bank meeting room.

On Monday, June 11, in Rumford District Court, the following actions were taken regarding cases brought by the Bethel Police Department:

Linwood Westleigh waived appearance and paid a \$95 fine for excessive noise with tires. The charge was brought as a result of an incident on Main St.

Joseph Westleigh waived appearance and paid a \$35 fine for excessive noise with tires. This charge was also brought as a result of an incident on Main St.

William Stewart of Charlestown, N. H., waived appearance and paid a \$35 fine for failure to keep to the right. This charge resulted from an incident on Route 2.

Brett Sessions appeared in court and pled guilty to two charges, leaving scene of an accident without making himself known and failure to report an accident. He paid a \$115 fine as a result of both charges. These charges resulted from an accident on Summer St.

On Tuesday, June 12, David Chapman of Gilead was sentenced to 60 days in the Oxford County Jail on a charge of terrorizing. The case started out as a jury trial with Chapman entering a plea of guilty following testimony of one witness. The charge of terrorizing stemmed from an incident that occurred on Dec. 9, 1978 involving Stephen Anderson of Bethel.

Anderson testified that he got into an argument with Chapman at the Sudary Inn and that after returning home, he received three telephone calls during which Chapman threatened him and his family.

Following a recess, Chapman entered the guilty plea to terrorizing and a charge of operating under the influence was dismissed. A stay of execution was granted until June 30 at 10 A. M. State Police brought charges in this incident.

NOTES FROM THE LIONS DEN

Once again the Bethel Lions Club will be awarding three scholarships to qualified graduates of local high schools. The Lions Club Scholarship fund was established four years ago. The Club awarded one scholarship in 1976 and 1977. In 1978 it was voted to award two scholarships plus a third scholarship in memory of William C. Chapman II. Bill Chapman was very active in community affairs for many years, and was a Past President and honorary member of the Bethel Lions Club. Funds for the establishment of the scholarship fund in his name were received from his estate and will be supplemented by the Lions Club. King Lion Charles Farrar will be awarding the scholarship letters at Telstar's graduation ceremonies.

Plans are progressing rapidly for Mollycodd Day which will be held July 21 and 22. The parade theme this year is—1979—The International Year of the Child. Parade participants are urged to contact "Pat" Murphy, the parade coordinator. On Sunday they will sponsor a 10,000 meter road race and will hold their annual auction on the Common. More information on these events may be obtained from the Bethel Rotary Club. IN MEMORY OF FELICIA

Ever close in Mind and Heart No further away than a picture, A Smile or remembered phrase, Our loved ones live in memory—

So close in so many ways, For how often does a sunset Bring nostalgic thoughts to mind Of moments that our loved ones shared

In days now left behind! How often has a flower, Brought golden recollections Of happy days gone by! Memory has a magic way Of keeping loved ones near—

Ever close in mind and heart Are the ones we hold most dear.

The Assessors met Friday forenoon and set the tax rate at .0118 on a total assessed valuation of \$7,926,950, for a total tax commitment of \$93,538.01, with an assessment ratio of 100%. Total resident valuation is \$2,897,650, with non-resident valuation \$5,029,300 of this amount, \$7,487,550 is real estate and \$439,400 personal property. Last years valuation was \$6,657,800, with a tax rate of .0122.

New construction at Sunday River Skiway accounts for the greater part of the increase in valuation this year, with some new construction of private homes and reassessment of some buildings which had not previously been measured and graded accounting for the balance. Although this years rate is slightly under last year, some tax bills may be higher than last year. To comply with State Law, the assessors started a program of measuring and grading buildings to meet standards of the State Bureau of Taxation two years ago. This program was completed this year, and in many cases results in higher valuation on buildings graded for the first time this year. All buildings in town have now been graded and valued to State standards.

Total appropriations for 1979 were \$123,830.70, with other revenue of \$30,292.69, leaving \$93,538.01 to be raised by taxation. I began to wonder why I had chosen this way. The road entices me to stray, the beauty intrigues me, the fields beyond lure me with their coolness and sweetness. Then there is the laughing wayside brook, the flash of color, the burst of song, the haunting perfume. So who could resist the luring beauties of this summer lane?

The trees over all the hills were silhouettes of lacy green and flowery fringes adorned the landscape. The valley lay patterned with sunshine and shadow. The quick-silver glistened on the pond. The sun poured its lucid gold into Nature's cup.

I went to a section where an old farm had gone back to nature and the years. The once tilled soil is a woodland now. The same fields which felt the plough turning stubble and sod behind a team, the land which yielded hay and grain and sweet rich clover still can be seen.

These are days when we should not listen only with our ears but make our heart a listening post also. Taste the beauty of the wild. Let thoughts go winging out.

"Lay hold upon the out-of-doors with heart and mind and seeking truth. You'll find the answer to all life held in the sun and wind and rain."

Where're you walk by land or sea The page is clear for all who seek

If you will listen with your heart And let the voice of nature speak."

Edna Jacques I traveled one day through "mosquito Lane" and what mosquitoes! More than usual and twice as big! At the time I recalled this story I had recently read. While camping the people crawled under the aluminum canoe, packing leaves around the edge to keep the mosquitoes out. This worked all right but soon the canoe started to vibrate so loudly that they still couldn't sleep. One turned on the flashlight and there were hundreds of mosquito stingers coming through the soft metal. One picked up a stone and clinched them all, so they couldn't be withdrawn. There was some notion that this might discourage the rest of them. But all of a sudden the canoe rose up and sailed off down pond. It took them half of the next day to find it and to paddle back.

I began to wonder why I had chosen this way. The road entices me to stray, the beauty intrigues me, the fields beyond lure me with their coolness and sweetness. Then there is the laughing wayside brook, the flash of color, the burst of song, the haunting perfume. So who could resist the luring beauties of this summer lane?

SPECIAL EVENTS AT THE PLAYGROUND THIS YEAR

The four weeks of this year's Summer Playground are crammed with special surprises and activities. First, there's the Toys 'n' Tots Parade, on Friday, June 29, at 11 a. m. This parade is for toys only, of ages 3-5. It is a great time for showing off their decorated doll carriages and bikes. Prizes will be given to the best all-around bikes and carriages.

Then, there will be the Friday morning Theatre Production, on July 6, 10 a. m. Natural talent and abundant creativity marks this annual event, when all the playgrounders act out a selected short play for parents and friends.

Later on, during the second session, the Mini Match will be the featured event (Aug. 3). The children will compete for the silliest of things. A Creative Writing and Drawing Contest will wind up the summer with the Big Event—the Playground Olympics. Egg throws, Crab Walks, Broad Jumps, and many more games will highlight the day-long drama at Gould Field.

Do YOU want to join the fun? Get your registration form at the Town Office next week and we will see you on the playground (Crescent Park School) on June 25.

KIMBALL FAMILY REUNION AT GRAY JUNE 23

Chairman Gordon L. Kimball of Gray, is pleased with many inquiries about the State Reunion planned for all Kimball descendants of Richard Kimball (Ipswich, Mass.) to be held at the Gray Grange Hall on June 23.

Registration will begin at ten. Everyone will find coffee and doughnuts waiting but are asked to bring their own lunch unless visiting local restaurants preferred.

Mrs. Gordon Kimball is in charge of prizes given the Maine Kimball coming furthest distance. There will be a prize, too, for the Kimball coming furthest from out of state, and for oldest present.

The day will be spent in visiting and an informal workshop to gather information on all Kimballs attending, for the Family Records. No entertainment is planned, but everyone attending will be helped to become acquainted with their family history. There will be discussion as to holding future State Reunions.

Inquiries have come from Aroostook to York County, and also from Maine natives residing outside Maine. Some members of the National Kimball Association have plans to attend. The chairman hopes that every Maine Kimball, who is interested in knowing his ancestry and meeting Kimball "cousins" will attend. All Kimballs are descended from ancestor in common, Richard Kimball.

Anyone wishing to make inquiries may write Gordon L. Kimball at Gray, Maine 04039, or Elizabeth M. Carter, Box 44, West Bethel, Maine 04288.

HISTORICAL SOCIETY HEARS DR. JOHNSON ON SHAKERS

Brother Theodore Johnson of Sabbathday Lake, United Society of Believers, was the featured speaker at a well-attended monthly meeting of the Bethel Historical Society held Thursday evening in the meeting room of the Dr. Moses Mason Museum. Bro. Johnson, who has written some fifty books, and articles on the Shakers and resided at Sabbathday Lake, for the past nineteen years, explained that the Shaker movement began in this country with the coming of Mother Ann Lee and several followers to America from Manchester and Bolton, England, in 1774. The basic principles of the Shaker Order are non resistance, community of goods, universal brotherhood and celibacy.

Ebenezer Cooley, a pewterer, was the first person to bring Shakerism to Maine at Gorham in 1780. John Cotton was also active in Alfred. Eventually seven communities were established in Maine, at Alfred, Gorham, Poland

and New Gloucester. These may have reached their peak in the 18th century but certainly after the Civil War Shakerism began to decline in Maine as well as nationally. Many communities ceased to exist by 1900 and several failed later in the century.

The Shakers have made many contributions to American life with their emphasis on the simple. Wooden items, herbs and the packaging of seeds are also often associated with them.

Brother Johnson described in some detail the beliefs of Shakers and in the question and answer period provided information about the community at Sabbathday Lake.
